Preservationists seeking to stop destruction of possible historic site

BY BOB DEMAREE

A group of local historic preservationists are making an effort to save a structure at 707 Walnut Street from demolition due to its historic significance with the underground railroad.

Jan Vetrhus addressed the Madison Board of Public Works and Safety at its meeting last Tuesday trying to head off demolition of the house — designated as a dangerous structure — or at least preserve whatever can be salvaged.

Property owner Scott Axline had requested a four-month extension in the start date of the PACE dangerous structure grant he was awarded to demolish the structure, but the board agreed to table any action until its next meeting on Sept. 19.

Due to the poor condition of the building, the city issued the demolition permit on May 27, according to Nicole Schell, the city's director of planning.

Vetrhus, president of the board of directors for the Eleutherian College and a Cornerstone board member, said the structure is of historical significance. She said new research on the structure that she and Sue Livers have done indicates the home is linked to the underground railroad. She said 707 Walnut Street has been discovered to be the actual property of William Anderson, one of the major underground railroad conductors in Madison and the nation.

"We've done all of the deed search. We've done all of the tax records," Vetrhus said. "He owned the property since 1842, and from looking at the photographs from an open records request it does appear that the foundation and the floor joists do date from the 1840s."

Vetrhus said she has approached Axline with an offer to purchase the structure, and he responded that it can be bought for $30,000. Vetrhus said she contacted the County Assessor's office Tuesday, and was told the property was assessed in 2022 for $9,300.

Vetrhus said she is working to pull together enough money to purchase the structure but would like additional research on the property before a final commitment. "Before we purchase it, even at his price, we want the ability to date the wood," Vetrhus said, noting there are professionals at Hanover College who can do those tests.

She also said the National Park Service and National Trust for Historic Preservation have been involved, "and definitely want to make sure that building is not demolished until it is dated, and if it is in fact proved that the foundation and the floor joist is work constructed by William Anderson himself, one of our most important figures, that we save at least that part of the structure ... We don't want to be spending city money to tear down one of our most important buildings."

Madison's historic Broadway School will hold its annual reunion on Saturday, Sept. 17 on Broadway between Fourth and Fifth streets.

During its history, the Broadway School produced notable teachers and

CAB to seek input on its purpose in the future

BY BOB DEMAREE

The local Cable Advisory Board (CAB) is questioning whether that organization continues to serve a purpose and plans to ask the participating entities to consider that over the next few weeks and if the board is needed.

Board member Jim Bartlett said at Thursday's CAB meeting, with the state of Indiana taking over negotiation of all cable television franchise agreements, there is no longer a requirement to have the board.

Bartlett, who also serves on Madison City Council, said that initially cable companies negotiated separate franchise agreements with the city of Madison, the town of Hanover and Jefferson County. "While each may have been somewhat identical, they were agreements with the three separate entities," Bartlett said. "Within those franchise agreements was a requirement in order for those governing bodies to receive the franchise fees from the respective cable companies that a cable advisory board exist as the intermediary between the governing bodies and the cable companies."

Now that there is no requirement for having a cable advisory board, Bartlett said "The city, the county, the town of Hanover will continue to receive their portion of the franchise agreement funds regardless of the status of this board."

Currently, CAB records meetings for Jefferson County and the town of Hanover, along with producing some community event videos, but the city of Madison now records its own meetings and does its own event coverage.

"There's no statute saying they have to be videotaped," board member Debbie Kroger said of the meetings. "What Madison chooses to do is up to Madison" and Jefferson County and Hanover need to determine what is needed to record their meetings. "We just need to step back and ask where do we see this going. I feel like we need to continue videotaping the meetings."

Kroger, who also serves on Hanover Town Council, noted that the county does not have its own equipment and Hanover does not have its up and running. "I feel like things need to continue as far as recording meetings until we get some idea," she said.

SITE

Mayor Bob Courtney said that's not what's being done nor what the PACE dangerous structures grant is intended.

"We're not paying anyone to tear down a historic property," he said. "I think that is an improper characterization."

Vetrhus noted that the inscription stone was saved from the Second Baptist Church building, founded by Chapman Harris and John Carter at Fifth and Mulberry streets, when that building was demolished. Although the structure was lost the inscription stone is preserved at the Jefferson County History Center.

Vetrhus said, at the very least, they would like "save the stone foundation, wood and nails that William Anderson would have used.

"All the paperwork says this was William Anderson's house," Vetrhus added, noting it is also possible that once the dating is done the site may prove to be not so important. "But until we do the dating it will not be confirmed ... that dating is critical, and the owner has refused to let us on the property to do that."

City Attorney Joe Jenner said he believed it was fair for the city to table the extension based on the information provided by Vetrhus, but added the city "must be cognizant and careful about seeming or having any look of influencing a contract or anything like that we are not a party of. That raises potential issues for the city."

"We need to do whatever we can be bring back up" the historical structures that are deteriorating," Vetrhus said.

Courtney agreed and noted that is the purpose of PACE to encourage investment in preservation "That is why our PACE program has been so successful," he said.

In other business:

• The board approved a request by Kathryn Trueblood for a one-year extension for a PACE grant for 921 West Main St. in which $17,500 was awarded. Final PACE awards were given at 901 West First St. to Thomas and Barbara McPherson for $7,500, at 214-216 West Second St. to Chris and Gina Lynn for $7,500, and 512 Elm St. to Amanda Briner for $750. Also, a mid-point award of $12,500 was approved for 124 East St. for Chad Gray.

graduates who went on to make contributions in Madison, Indiana and throughout the United States.

After schools were integrated, the two-story Broadway building continued to serve Madison as a community center until fire destroyed the building on New Year's Eve in 1969. At the time, then Madison Fire Chief Harold Lohrig blammed the fire on arson. Damage was so extensive that the building had to be demolished and the site of the former school is now a park named in honor of Rev. S.M. Gaines.

The committee of the 2022 reunion — Nathan Davis, Phillip Cosby, Monica Brown, Tim Perry, Jill Kelly-Koren, Tomeka Livers and Sue Livers — not only wants to continue the memory of the school, but honor Broadway alumni and add to the legacy of the school many attended prior to integration. Committee members include Nathan Davis, Phillip Cosby, Monica Brown, Tim Perry, Jill Kelly-Koren, Tomeka Livers and Sue Livers.

Saturday's reunion will run from 4 p.m. to 10 p.m. and include an opening prayer and National Anthem by Pastor Harvey Leggett.

Featured music will include The Northern Kentucky Brotherhood, a gospel, rhythm and blues group and the locally based Doctor's Band. DJ Phil Cosby will provide music and Livers and various Broadway alumni will give historical recounts.

According to organizers, everyone is welcome so bring a chair and sack lunch and join in the celebration.

All four counties are showing improved community levels by the Centers for Disease Control and Prevention. Last week Jefferson, Carroll, Trimble and Switzerland were all reporting "high" levels of community spread. However, Jefferson, Switzerland and Trimble counties are all now at "low" level while Carroll County is considered at "middle" level for spread.

In the last week, Jefferson County has reported 25 new cases of COVID-19 while Switzerland County has seen nine. Meanwhile, numbers last week from the Kentucky Department of Public Health showed increased cases of COVID-19 in Carroll at 61 and Trimble at 26. Newer Kentucky data was due to be released Monday night.

On Tuesday, the Jefferson County Health Department (JCHD) began administering COVID-19 bivalent booster vaccines — the COVID-19 booster that targets both the original virus and the omicron BA.4 and BA.5 subvariants — as well as seasonal influenza vaccines to eligible recipients. Vaccines will be administered by appointment only.

Appointments can be scheduled on Tuesdays, Wednesdays, and Thursdays between 9 a.m. and 3 p.m. by calling 812-273-1942. Please have insurance information ready when calling to make an appointment.

Moderna bivalent booster doses are available to individuals ages 18 and older. Pfizer bivalent booster doses are available to individuals ages 12 and older.

Influenza doses are available to individuals ages 6 months and older. Bivalent boosters are completely free of charge to the patient. Insurance companies will be billed for the administration fee.

Influenza vaccine will be billed to your contracted insurance companies. If not contracted, vaccine is available for self-pay, or the patient may seek vaccine from another provider. If a patient has no insurance vaccine is provided through the state of Indiana which can be given free of charge.

The bivalent boosters are authorized as a single dose administered at least 2 months after either completion of the primary series with an authorized monovalent COVID-19 vaccine, or receipt of a booster dose of an authorized monovalent COVID-19 vaccine.

Individuals who recently had COVID-19 infection may consider delaying bivalent booster vaccination by three months from the date of symptom onset or positive test.

Monovalent mRNA COVID-19 vaccines are no longer authorized as booster doses for anyone 12 years of age and older.

Moderna and Pfizer bivalent booster vaccines are interchangeable, without regard for previous brand(s) given.

Bivalent boosters and influenza vaccines can be given at the same time.

If you have any further questions you can contact the Jefferson County Heath Department at 812-273-1942.

Indiana hearing set after abortion ban takes effect

BY TOM DAVIES
ASSOCIATED PRESS

INDIANAPOLIS — An Indiana judge won't hear arguments until next week on a lawsuit seeking to block the state's abortion ban, leaving that new law set to take effect on Thursday.

The special judge overseeing the case issued an order Monday setting a court hearing for Sept. 19, which is four days after the ban's effective date.

Indiana's Republican-dominated Legislature approved the tighter abortion restrictions during a two-week special legislative session that ended Aug. 5, making it the first state to do so since the U.S. Supreme Court eliminated federal abortion protections by overturning Roe v. Wade in June.

Indiana abortion clinic operators filed the lawsuit Aug. 31, saying the ban, which includes limited exceptions, "strips away the fundamental rights of people seeking abortion care" in violation of the Indiana Constitution.

The American Civil Liberties Union of Indiana, which is representing the clinics, asked the judge Monday to issue an order before Thursday to temporarily prevent enforcement of the law. It argued that allowing the law to take effect "will prohibit the overwhelming majority of abortions in Indiana and, as such, will have a devastating and irreparable impact on the plaintiffs and, more importantly, their patients and clients."

The lawsuit was filed in southern Indiana's Monroe County, which includes the liberal-leaning city of Bloomington and Indiana University's main campus, but two elected Democratic judges from that county declined to handle the case without stating any reasons.

Judge Kelsey Hanlon, a Republican from neighboring Owen County, accepted appointment as special judge last week. Hanlon, who was first elected as a judge in 2014, was among three finalists that the state Judicial Nominating Commission selected in July for GOP Gov. Eric Holcomb to consider for appointment to the state appeals court.

No court action had yet taken place as of Monday on a separate lawsuit filed Thursday in Marion County arguing the ban is at odds with the state's religious freedom law, which Republicans enacted seven years ago.

The Indiana ban includes exceptions allowing abortions in cases of rape and incest, before 10 weeks post-fertilization; to protect the life and physical health of the mother; and if a fetus is diagnosed with a lethal anomaly.

The new law also prohibits abortion clinics from providing any abortion care, leaving such services solely to hospitals or outpatient surgical centers owned by hospitals.

Planned Parenthood, which operates four of Indiana's seven licensed abortion clinics, has said it planned to keep those sites open for other medical services, while those operated by other providers faced possible closure.

CAB

FROM **PAGE A1**

However, Kroger is hopeful that the future of CAB can be determined by its next meeting at 6:30 p.m. on Thursday, Oct. 13 at Madison City Hall.

Bartlett said he has not yet had a conversation with Madison City Council about the issue but plans to do that. Likewise, Kroger said she needs to discuss the situation with Hanover Town Council. The board agreed to also reach out to Jefferson County Commissioners to get their thoughts on the matter.

Board President Lori Hedges noted the City of Madison has already withdrawn from CAB in that it does all of its own recordings.

"Well, effectively but not formally," Bartlett said, noting that in practical terms "Madison is doing their own thing" but no official vote has been taken to withdraw from CAB.

Bartlett said Jefferson County is the "primary beneficiary in Jefferson County as far as meeting coverage" with Hanover getting some of the coverage.

With the overall question of the future of the CAB being considered, the board tabled a decision on hiring a part-time community coordinator that was on Thursday's agenda.

Under the proposal, the community coordinator would work about 10 hours per week making sure the CAB's part-time videographers provide coverage of the requested meetings and events.

"We really can't have a coordinator if we might not have a board so we will table that until we figure out what's going on," said Hedges.

TODAY IN HISTORY

TODAY'S HIGHLIGHT IN HISTORY:

On Sept. 12, 1977, South African Black student leader and anti-apartheid activist Steve Biko (BEE'-koh), 30, died while in police custody, triggering an international outcry.

ON THIS DATE:

In 1913, Olympic legend Jesse Owens was born in Oakville, Alabama.

In 1914, during World War I, the First Battle of the Marne ended in an Allied victory against Germany.

In 1958, the U.S. Supreme Court, in Cooper v. Aaron, unanimously ruled that Arkansas officials who were resisting public school desegregation orders could not disregard the high court's rulings.

In 1959, the Soviet Union launched its Luna 2 space probe, which made a crash landing on the moon. The TV Western series "Bonanza" premiered on NBC.

In 1962, in a speech at Rice University in Houston, President John F. Kennedy reaffirmed his support for the manned space program, declaring: "We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard."

In 1987, reports surfaced that Democratic presidential candidate Joseph Biden had borrowed, without attribution, passages of a speech by British Labour Party leader Neil Kinnock (KIHN'-ik) for one of his own campaign speeches. (The Kinnock report, along with other damaging revelations, prompted Biden to drop his White House bid.)

In 1995, the Belarusian military shot down a hydrogen balloon during an international race, killing its two American pilots, John Stuart-Jervis and Alan Fraenckel.

In 2001, stunned rescue workers continued to search for bodies in the World Trade Center's smoking rubble a day after a terrorist attack that shut down the financial capital, badly damaged the Pentagon and left thousands dead. President George W. Bush, branding the attacks in New York and Washington "acts of war," spoke of "a monumental struggle of good versus evil" and said that "good will prevail."

In 2005, Federal Emergency Management Agency director Mike Brown resigned, three days after losing his onsite command of the Hurricane Katrina relief effort.

In 2008, a Metrolink commuter train struck a freight train head-on in Los Angeles, killing 25 people. (Federal investigators said the Metrolink engineer, Robert Sanchez, who was among those who died, had been text-messaging on his cell phone and ran a red light shortly before the crash.)

In 2011, Novak Djokovic beat defending champion Rafael Nadal 6-2, 6-4, 6-7 (3), 6-1 to win his first U.S. Open championship.

Ten years ago: The U.S. dispatched an elite group of Marines to Tripoli, Libya, after the mob attack in Benghazi that killed the U.S. ambassador and three other Americans. President Barack Obama strongly condemned the violence, and vowed to bring the killers to justice; Republican challenger Mitt Romney accused the administration of showing weakness in the face of tumultuous events in the Middle East.

Five years ago: Crews worked to repair the lone highway connecting the Florida Keys, where 25 percent of the homes were feared to have been destroyed by Hurricane Irma; more than 9 million Floridians, or nearly half the state's population, were still without power in the late-summer heat. Seattle Mayor Ed Murray announced that he was resigning amid sex abuse allegations. Gay rights pioneer Edith Windsor, whose landmark Supreme Court case struck down parts of a federal anti-gay-marriage law, died in New York at the age of 88.

One year ago: Novak Djokovic's bid for the first calendar-year Grand Slam in men's tennis since 1969 ended with a loss to Daniil Medvedev in the U.S. Open final. Tailgating, face-painted fans returned in full force at stadiums around the country as the NFL opened its doors to capacity for the first time since the coronavirus pandemic. Lil Nas X won video of the year at the MTV Video Music Awards, on a night that saw Justin Bieber triumphantly return to the stage as a performer and as winner of the artist of the year. Max Scherzer of the Los Angeles Dodgers became the 19th pitcher in major league history with 3,000 career strikeouts; he also carried a perfect game into the eighth inning of a game against the San Diego Padres.

Parks board OK's interactive playground for Oak Hill

$400K in upgrades to be done by summer 2023

The target audience of the playground is children 5-12 years old with numerous climbing features, slides and chutes, along with spinning features and a swing set. The partnership with GameTime includes a $50,000 grant provided through that company.

BY BOB DEMAREE

The public playground at Madison's Oak Hill neighborhood will received a major upgrade next year when Oak Hill Park gets all new interactive equipment as part of the project to make street, sidewalk, stormwater and parks improvements.

Madison Parks Board gave its approval on Wednesday to purchase all new Game Time playground equipment from Sinclair Recreation for Oak Hill Park. The GameTime equipment — called "Playful Art" — was selected over two other options because it was most favored by the park board members and people in the community, according to Madison Parks Director Matt Woolard.

Woolard said the playground layout selected is from the Ionix series named "Skyward Up' and is designed for "artistic design for research-based play." It was chosen over two other options, equipment by Columbia Cascade and anotehr from Komplan.

"We are excited to incorporate new playground equipment and styles more geared towards challenging but interactive and fun play for children of all ages and abilities," Woolard said.

He said the new playground equipment is packed with interactive features, meaning all equipment is climbable and or usable in some way and much more athletically engaging. He said trends in playground equipment have changed from what is currently in many of local parks with steps that go up and slides that go down and a couple swing sets. "Things are now becoming a lot more interactive and engaging."

The target audience of the playground is children 5-12 years old with numerous climbing features, slides and chutes, along with spinning features and a swing set. The partnership with GameTime includes a $50,000 grant provided through that company, he said.

Woolard said the city will separately providie benches, tables and trash cans. The two-acre park will also get new sidewalks, parking, renovated basketball courts with new goals, a shelter house, a dog park, seating area and updated trash receptables. There will also be black wired fencing with two points of gated entry so that the park is completely fenced for safety.

The budget for the park is $400,000 with $220,000 coming from city funding and $180,000 through fundraising, private funds and grants.

Woolard expects the renovations to be completed by the summer of 2023.

IN OTHER BUSINESS, THE PARKS BOARD

• Approved moving forward with replacement of the Crystal Beach swimming pool. Woolard presented an abbreviated review of the project from the one that had been given Sept. 6 at Madison City Council. As part of the process, the current pool will be demolished, removed and replaced by a new pool of similar configuration The board voted to move forward with the demolition while also approving continued work on the design of the new pool.

• Welcomed David Hertz to the Parks Board replacing Joe Bronkella, who recently resigned after leaving the community when he accepted a position as athletic director at Center Grove.

• Approved fall rates for Sunrise Golf Course to encourage more play. Weekday rates are set at $25, regardless of age, for all day play effective immediately. "I think it will create more volume for sure," said Sunrise pro Roger Gallatin. "Whether it generates more revenue, we're going to have to get more volume to generate more revenue." The board also approved setting a $10 fee for private cart rental in the fall. The new rates will be reevaluated in 2023.

Board president Carla Krebs said the new rates can be evaluated after the fall season to determine if they effectively helped increase golf course revenue. "We won't know until we try," she said.

Parks Board grants request for indoor pickleball

Brown Gym available on Monday evenings

"Pickleball is such a fast-growing environment across the country. It's not just in Madison so having an evening opportunity to get more some people who may be working throughout the day, I think that's a very good opportunity."

— Matt Woolard
parks director

BY BOB DEMAREE

Enthusiasm for the sport of pickleball is gaining in Madison — a trend seen all across the country — and Madison Parks Board took action Wednesday to provide opportunities for indoor play with the arrival of fall and winter.

Pickleball is currently played in Brown Gym from 10 a.m. to noon on weekdays and outdoors at the courts at the Madison Elks Club at 1251 West Main St. But with less conducive weather on the way with the changing of the seasons, fans of the sport would like more options for indoor play.

The Parks Board approved a request to offer pickleball indoors at Brown Gym one night a week at a proposed cost of $25 per person through the remainder of this year. The program began Monday night with play from 7 p.m. to 9 p.m. and hopes of remaining at that time slot depending on gym availability.

"It's really growing," said parks board president Carla Krebs, noting an average of 20 people participate every day. She requested the indoor time slot so that once winter arrives there will still be an opportunity for pickleball play for those who work during the day.

"I think it's a great idea," said Parks Director Matt Woolard. "It's something we've talked about before, and pickleball players asked for ... Pickleball is such a fast-growing environment across the country. It's not just in Madison so having an evening opportunity to get more some people who may be working throughout the day, I think that's a very good opportunity."

The Sports and Fitness Industry Association has reported that pickleball is the fastest growing sport in the United States with more than 4.8 million players and growing.

Woolard said the only challenge will be scheduling pickleball along with all the other activities that take place in the Brown Gym.

"My hope would be that if it's popular and we can find space we can eventually offer more nights. Let's just start with one night and see how it goes." Eades said.

Cookie Binzer said she "started doing pickleball this spring," playing on her lunch hour during the workday. "I've lost 15 pounds because I don't want to eat, I just want to play pickleball," she said. "You can get into it immediately. All that you need is a paddle, and you can even borrow somebody's paddle. We have so much fun, and it's so healthy, and it's multi-generational."

Mary Ellen Bargerhuff said she was introduced to pickleball while spending time in Florida. "I had never played any sport in my whole life —ever, ever, ever. I was a reader, I was a good student, I never played a sport and I learned to play pickleball in Florida because they said this is paddle, and this what you do, then I came home and found out they were doing pickleball in the gym and I started playing, and I can play pickleball, and I can now say I have a sport. There are a lot of old ladies like me that like to play because anybody can do it. I too have lost a bunch of weight."

Bargerhuff encouraged the parks officials to continue seek more times and places to play because the need is there and growing. "We need a place to play when it gets cold because I want to keep playing. I've never ever done anything but walk in my life as a sport, so I want to keep doing it. If you want quality of life issues and getting people to be healthy that's a way. Nothing ever worked for me other than this."

Milan stuns Madison in OT, 21-20

BY DAVID CAMPBELL

MILAN — Madison did nearly everything it needed to do to win, but it was Milan celebrating victory after a gutsy two-point conversion call in overtime gave the Indians a 21-20 on Friday in Milan.

Madison's special teams had blocked the go-ahead extra point with just over a minute left in regulation, then got an interception by Trenton Bivens just before the final buzzer to force overtime. In the extra session, Colin Yancey hauled in an 10-yard touchdown pass to push the Cubs ahead.

But Milan answered in its possession of the overtime by scoring a touchdown and, rather than kicking the PAT to force a second OT, Milan coach Ryan Langferman opted to go for two and was rewarded for the gamble when quarterback Braydon Rohrig scrambled into the end zone on a keeper for the winning points.

It was a stunning way for Madison to lose — especially considering how the defense had dominated the game for the first 40 minutes of the game — and left everybody on the Cubs' side of the field shaking their heads.

"No one single play can decide a game. They made plays, we made plays. You fight for 48 minutes and hope that you were up one point at least during the game. That's all it is," Madison coach Leroy Wilson said. "That's a good football team. I was very proud of the effort. You're talking about some some big plays that happened there in the fourth quarter. Everything was set up and then, you know, stuff happens."

David Campbell

Madison's Van Skinner (25) pressures Milan quarterback Brayden Rohrig (3) during Friday's 21-20 overtime loss at Milan.

For a third-straight week Madison's defense dominated the game but the Cub offense once again struggled to move the ball. Other than a 70-yard touchdown run by Van Skinner late in the first quarter to put Madison ahead 7-0, the Cubs' offense was stuck in neutral.

But thanks to the defense, Madison still led 7-0 as the fourth period began. But cracks started to form as Madison began to wear down and Milan took advantage.

A goal-line stand by Madison (1-3) forced a turnover on downs early in the fourth quarter, but the Cubs quickly punted the ball back to Milan. This time, the Indians cashed in, marching quickly down the field to tie the game 7-7 on a Riley Johnson 4-yard run and an extra point with 9:09 left in the quarter.

From that point on, the momentum swung widely in both directions as each team took turns making big plays.

Madison struck first when Colin Yancey broke lose on a 73-yard touchdown run to put the Cubs back on top, but the missed extra point meant they led only 13-7 with 5:25 to go. Milan marched back down the field and scored on a Rohrig 1-yard plunge, but Skinner blocked the PAT to keep the score knotted 13-13 with 1:13 left.

The Indians got a gift when their squibbed kickoff was misplayed by Madison giving Milan great field position. However, with 17 seconds to go, Bivens, who misplayed the kickoff, picked off Rohrig's attempt in the endzone, ending the threat and sending the game into OT.

CROSS COUNTRY ROUNDUP

Young Lady Rebels pick up win at Jac-Cen-Del

BY THE COURIER STAFF

Southwestern's freshmen-heavy girls cross country team put together its best performance of the season to win the Jac-Cen-Del Invitational in Osgood on Saturday.

The Lady Rebels scored 47 points with freshmen running four of the five scoring positions. That performance allowed Southwestern to edge Switzerland County by six points.

On the boys side, Southwestern placed third with 98 points, just ahead of Switzerland County's 101.

"I couldn't be more proud of all the kids today. Obviously the girls won, but they also did so without two of their top runners. A lot of girls stepped up in a big way and this was a total team win," Southwestern coach Zac Nussbaum said. "The boys beat several teams today that beat them earlier in the season. Both teams got better today mentally and physically and I really look forward to seeing how far they can go."

Switzerland County had the top two runners in the girls race with Gracie White running first with a time of 20:15.5 and Claire Rogers the runner-up in 20:57.7. The Pacers had four runners in the top 14, but all five of Southwestern's runners finished in the top 20 to give them the win.

Freshman Victoria Gammons led the charge for the Rebels, finishing fourth overall in 21:57.0 while freshman Kinston Long was eighth in 23:59.0, freshman Addison Nussbaum was ninth in 24:12.2, junior Claudia Oliver was 17th in 25:06.7 and freshman Riley Zellers was 19th in 25:30.5.

Amber Detmer placed 13th in 24:39.7 for Switzerland while Ashlyn Covington was 14th in 24:45.2, Terra Oeffinger was 42nd in 35:02.3 and Arushan Tasbolatova was 43rd in 35:10.0.

Joe Drossart led Southwestern's boys by running seventh overall in 18:08.1. The rest of the Rebels were: Caden Ream, 15th, 18:55.4; Landon Higgins, 23rd, 19:28.0; Connor Johnson, 24th, 19:35.9; Braylin Miller, 29th, 20:00.1; Caleb Seals, 42nd, 20:49.4; and Elliot Brooks, 56th, 22:15.3.

Times for Switzerland's boys were: Cooper Hon, second, 17:13.3; Nathan Furnish, 14th, 18:51.9; Luke Sullivan, 18th, 19:19.4; Cale Collier, 19th, 19:22.4; Dylan Sullivan, 48th, 21:12.3; Kadyn Riley, 49th, 21:22.6; and Derek Hoskins, 53rd, 21:36.5.

MADISON RUNS AT BROWN CO.

Madison's cross country teams competed in the very tough Eagle Classic at Brown County on Saturday.

Madison's boys ran 14th in the 19-team event while the girls were 16th overall.

Madison's boys posted four personal-bests on the day and the team's 18:42 five-man average was their best of the season.

"In all, today was a good day and a great experience for all. With losing a lot of seniors last year, this team bounced back to maintain our forward momentum," Madison boys coach Kris Sandlin said. "There is still a lot of potential as this group learns to come together as a team rather than a collection of individuals."

Freshman Will Laufer, Travis Hoffman, Mikel Thornton and Trenton Schafer each posted personal bests for the Madison boys.

Cadence Traylor placed third overall in 20:31 and Ava Spencer was 18th in 21:34 to lead the Madison girls. Eliza Burnette was 109th in 26:13, Haleigh Pyles was 111th in 26:21 and Maya Kemp was 124th in 29:10.

"Cadence ran a good race in hot conditions. It is the highest place we have had at the Eagle Classic for several years," Madison girls coach Josh Wilber said. "Ava had a good run not placing too far back of Cadence. The rest of the team did a nice job in one of the toughest races they have seen this season. It may not have been a high place as a team but the effort was what we needed right now."

Madison's girls run in the Ray Gerkin Invitational at Jennings County on Saturday while the boys will be competing at Tom Sawyer Park in Louisville.

KUNKEL 16TH AT CREASY MAHAN

Trimble County senior Kinley Kunkel recorded a top 20 finish in the Rumble Through the Jungle cross country race at the Creasey Mahan Nature Preserve in Goshen on Saturday.

Kunkel finished 16th in 20:46.36 in the girls portion of the event. She was the only Raider to participate.

In the boys race, Carroll County's Aiden Lilley placed 181st in 22:36.90 and teammate Teague Walls was 200th in 29:48.21.

Both Trimble and Carroll compete in the North Central Kentucky Conference championships on Saturday.

Nightly sibling chats interrupt family time

AMY DICKINSON
ASK AMY

Dear Amy: My wife and I have been married for almost 25 years.

We are now almost empty-nesters with one daughter in high school.

My wife has a brother and a sister about her same age.

I have an issue with their family dynamic that is magnified now that we are older. The two siblings call my wife at all times of the day or night just to chat.

Her brother is divorced and lives by himself, so he has no reference to downtime.

Her sister is married, but she too, calls whenever the mood strikes.

This happens seven days a week.

My wife and I both work and have hectic days.

By 8 p.m. or 9 p.m. we are both ready for dinner (we both contribute equally and share all the household chores) and to spend some quality time together.

Her siblings have no concept of this.

Part of this is my wife's fault because she will always answer their calls no matter what we are doing — and then she will chat about whatever the day's topic might be.

I know that if I try to bring this up my wife will get mad, and the situation will only get worse.

Any suggestions?

— Frustrated with the in-laws

Dear Frustrated: This isn't "partly" your wife's fault/responsibility. The choice to take a call in the evening and converse with a sibling over nothing in particular is entirely her responsibility.

You should sit down with your wife and ask, "Can we agree to a moratorium on being on our phones in the evening ... starting at 9 p.m. or so during the week? I would really like to set aside some time for us to be together as a family without interruptions."

If your wife refuses to discuss this, arrive at a mutual solution, then unfortunately you've got a bigger problem.

Mom wants kids to have an adulting checklist

AMY DICKINSON
ASK AMY

Dear Amy: My son has just started his junior year of college. I never thought he was the neatest person.

My view on this changed when he went away to college and shared a two-bedroom suite with others.

Compared to his suitemates, my son is neat, clean, and considerate of the shared space.

I am appalled by what I have seen: Beds are not made, clothes are strewn everywhere, dirty dishes are left in the sink, plates and cups are left everywhere, the table is not wiped clean, multiple pairs of shoes in the bathroom, and counter space all cluttered with everyone's personal items, etc.

Is this the way people are living?

Are parents not teaching their children some basic level of cleanliness and how to share space?

It's a shared space — you're not the only one who uses the bathroom or stores food in the refrigerator or needs to wash dishes in the kitchen sink.

Yes, contracts are drawn up by the suitemates to determine rules and cleaning rotation, but my son is frustrated that he is the only one following through.

Parents, are you checking in with your kids to see if they are pulling their fair share?

Amy, as students are returning back to campus, can you put together an Adulting Checklist on basic guidelines to being a good roommate/suitemate — such as sharing the cleaning responsibilities and sharing space?

— A Concerned Mother

Dear Concerned: Adulting Lesson Number One: Never let your mom see your dorm room.

In my possibly unpopular view, it is the parents who are in need of a checklist. If you want to send an adult out into the world — then raise one!

The whole idea of preparing an "adulting checklist" is somewhat infantilizing. These lessons — on taking care of oneself and contributing to the care of the group, should start with children. Picking up toys, helping to set the table, and helping with clean-up should all be demonstrated in early childhood. Later, earning, saving and spending money should be layered onto these other valuable lessons.

ASTROLOGY

ARIES (March 21-April 19) — If it is worth having, it could be worth waiting for. You may be torn between having what you desire immediately and slowly doing what is expected. Measure the level of your success by the smile on a loved one's face.

TAURUS (April 20-May 20) — Use your head, not your heart, if money is involved. Your trusting nature about a financial issue could lead you to make expensive errors. Don't envy what others have. Instead, build it for yourself in your own life.

GEMINI (May 21-June 20) — Change your mind and attitude. Carefully unpack what happened so you can learn from your piece of the situation. This will help you make any needed amends and prevent you from lashing out at the wrong people.

CANCER (June 21-July 22) — You might want what you can't have. When your desires are frustrated, your cravings might be magnified and set into motion. Make changes and more levelheaded decisions about a key purchase tomorrow.

LEO (July 23-Aug. 22) — Relax after achieving your ambitions. Once you have addressed your obligations, you can reach a pivot point. New information could offer you a more advantageous way to put your money to work on your behalf.

VIRGO (Aug. 23-Sept. 22) — You may experience a slight blip in your self-confidence. Any additional burdens you must carry today should lighten soon. Rely on your trusted partner or a loved one to offer consistent love and support.

LIBRA (Sept. 23-Oct. 22) — Do what needs to be done without quibbling so that harmony is retained. Ignore emotionally charged situations and strive to be more businesslike and practical. Remain a rock of reliability for your loved ones.

SCORPIO (Oct. 23- Nov. 21) — A partner might surprise you with a change of plans. Unconditional love means embracing whatever a loved one does or says without judgment. You do not need to agree with someone to be loving and supportive.

SAGITTARIUS (Nov. 22-Dec. 21) — Get more mileage from your emotional intelligence. Don't feel threatened if someone adds a favorable spin to their activities. Be more understanding because a loved one may need extra empathy and support now.

CAPRICORN (Dec. 22-Jan. 19) — Regularly set aside time to decompress. Meditating could offer an effective way to quiet your mind and relieve stress. Maintain a wait-and-see attitude about a pending financial issue but go ahead with a family member's passing whim.

AQUARIUS (Jan. 20-Feb. 18) — Work on ways to handle the unexpected so your reaction to unexpected changes won't cause you to freeze in place. Abide by the rules and expectations of others but also find room to exercise your own free will.

PISCES (Feb. 19-March 20) — Perhaps it is time to look the gift horse in the mouth. You could be offered something that is not what it seems. People see you as sympathetic and so think you might be willing to share their problems and concerns.

ASTROLOGY

ARIES (March 21-April 19) — Get pumped up with a partner. Find a social outlet by participating in an exercise class or taking a walk in the park with a companion. Remain mindful of your blessings by making time for a regular gratitude practice.

TAURUS (April 20-May 20) — Get your way another day. The small change you spend so freely eventually adds up to real money. Avoid making major expenditures or taking on additional credit card debt and your finances should bounce back.

GEMINI (May 21-June 20) — You could waste time and effort if you make mountains out of molehills. Boredom can tempt you to stir the pot. Instead, find some constructive outlets for your energy. Shelve important decisions for the moment.

CANCER (June 21-July 22) — Use a knack for handling illogical people and emotional turmoil. You may be viewed as a team player because you lend a friend or coworker a helping hand. Accept an opportunity to brighten your future.

LEO (July 23-Aug. 22) — Let your creative side shine through. Like a sculptor, you can chip away at problems, leaving just the most valuable parts that make a strong statement. Avoid signing contracts or becoming involved in heated negotiations.

VIRGO (Aug. 23-Sept. 22) — You may fight for peace at any cost. Someone could be more forceful and aggressive than usual. Romantic misunderstandings are possible unless you commit to being considerate and avoid controversial issues.

LIBRA (Sept. 23-Oct. 22) — Process your feelings first, then you can remain appropriate even when you are tempted to really vent. Someone may promise more than they can deliver so take assurances with a grain of salt. Keep a secret attraction private for now.

SCORPIO (Oct. 23-Nov. 21) — Happy times may be looming on the horizon. Look forward to social gatherings and sporting events. Cash can be like water; spread it around to bring benefits, but also save some extra money in your bank account.

SAGITTARIUS (Nov. 22-Dec. 21) — You may be on your mark, but the starting flag may not actually drop. What seems like an impending event might never materialize. Enjoy sharing activities and your enthusiasms with a loved one or friend.

CAPRICORN (Dec. 22-Jan. 19) — You may be placed under pressure to spend or invest your money to address a possible need, but you would be wise to resist. Focus on growing closer to a loved one and making yourself available when needed.

AQUARIUS (Jan. 20-Feb. 18) — History should be an excellent teacher. Reviewing the past might put a current situation into perspective but it may not always guarantee the same result. Do not let a battle of wills spin out of control.

PISCES (Feb. 19-March 20) — Compassion may reach its peak. You may feel you must make a sacrifice because you understand someone's inner needs. Observe neutrally and carefully so no one over-dramatizes a complicated situation.

Steelers get late FG in OT after Watt injured vs Bengals

BY MITCH STACY
ASSOCIATED PRESS

CINCINNATI — Minkah Fitzpatrick and the Pittsburgh Steelers kept kicking the door open against the Cincinnati Bengals. It took until the final whistle to finally walk on through.

Chris Boswell kicked a 53-yard field goal as time expired in overtime and the Steelers overcame T.J. Watt's injury late in the fourth quarter to beat the Cincinnati Bengals 23-20 in a sloppy season opener for both teams Sunday.

Watt and Fitzpatrick had two of four interceptions off Joe Burrow, who rebounded from a lousy start and rallied Cincinnati from a 17-6 halftime deficit. His 6-yard touchdown pass to Ja'Marr Chase tied it at 20 with 2 seconds left in regulation

Fitzpatrick kept the Steelers alive by blocking Evan McPherson's point-after try, sending the game to overtime.

"It's just good to come in here in a hostile environment, man, and not blink, particularly with a number of new guys, whether they're rookies or new to us," Pittsburgh coach Mike Tomlin said.

McPherson and Boswell missed potential winning field goals in overtime before Steelers quarterback Mitch Trubisky completed passes of 9, 26 and 10 yards in the final 56 seconds.

"That was pretty crazy — the back-and-forth nature," Trubisky said. "We found out a lot about this team. We battled, we stuck together. We have a lot to clean up, but we found a way in the end. Winning is fun."

Watt, the Defensive Player of the Year, left the field and headed to the locker room shortly before the game went to overtime with a pectoral injury. Before that, he was his usual disruptive self, with a sack and a pick.

Burrow's four interceptions were a career worst, and he was sacked seven times in front of what was supposed to be an improved offensive line.

"It's frustrating," Burrow said. "We came back in the second half. We finished strong. Give them credit. They had a good plan."

Burrow didn't play in the preseason games as he recovered from an appendectomy, and he got a rude welcome back to the field. Cam Heyward sacked him on Cincinnati's first offensive play, and Fitzpatrick jumped Tyler Boyd's route the next snap and returned it 31 yards for a Pick-6.

McPherson made a 59-yard field goal in the first quarter, but Watt made a leaping interception at the line on the next series. That set up Trubisky's 2-yard TD pass to Najee Harris for a 17-3 edge.

Trubisky, the first quarterback to start for the Steelers after Ben Roethlisberger's retirement, was 21 for 38 for 194 yards and the short TD pass to Harris as first-round pick Kenny Pickett watched from the sideline.

When asked about his offense, Tomlin said: "It was enough — we're 1-0."

The Bengals wasted a solid performance by the their defense, which limited the big plays and did a good job containing running back Harris, who finished with 23 yards on 10 carries before leaving late with a foot injury.

Chase had 10 catches for 129 yards for the Bengals.

JOE'S SLOW START

For much of the day, Burrow looked as if he was struggling to get back on track. He finished 33 for 53 for 338 yards and two touchdowns.

Asked if he was still trying to shake off the effects of his July surgery, he would only say, "I felt good."

"We don't overreact when things go well. We don't overreact when things don't go well," Burrow said. "We're even-keeled. We got into position to win the game."

INJURIES

Steelers: CB Levi Wallace left in the second half with an ankle injury and didn't return. ... OL Mason Cole suffered an ankle injury in the second half and didn't return. ... Harris suffered a foot injury late in the game. ... Tomlin said LB Robert Spillane suffered an eye injury.

Bengals: WR Tee Higgins left with a concussion from a hard hit by several Steelers. ... LS Clark Harris went out with a biceps injury.

UP NEXT

Steelers: At New England next Sunday.

Bengals: At Dallas next Sunday.

Indiana dominates third quarter, rallies past Idaho 35-22

BY PHILLIP B. WILSON
ASSOCIATED PRESS

BLOOMINGTON — Indiana scored 29 consecutive points, including 23 in the third quarter, to rebound from a sluggish start in a 35-22 victory over FCS-member Idaho on a rainy Saturday night.

The game was delayed 35 minutes by a lightning warning, and the Hoosiers didn't show up at the outset against the three-touchdown underdog Vandals, who led 10-0 at halftime.

Then everything clicked, and rather quickly, for Indiana.

Backup quarterback Donaven McCulley started the comeback with a 4-yard TD rush. After a bad Idaho snap resulted in a safety, Connor Bazelak threw touchdown passes of 43 yards to A.J. Barner and 26 yards to D.J. Matthews Jr. The latter three scores came in a span of 5:10.

"I got after 'em at halftime," Indiana coach Tom Allen said. "I told the coaches to get after 'em at halftime. But it was also just, 'Hey guys, just play football.' "

Much like his team, Bazelak improved dramatically after the break. The junior transfer quarterback completed 10 of 12 throws for 148 yards and two TDs in the third quarter. He connected on just 6 of 17 passes for 49 yards with an interception before the break.

"It's hard not to be frustrated, but I think the main message is just 'stay the course,' " Bazelak said. "That's what I was telling everyone."

Indiana amassed 239 yards in the third period after gaining just 110 in the first half.

"That's not acceptable in my mind, as far as the standard with which we have to play," Allen said. "Too many mistakes. It's not good enough. ... We know this is not the standard we have to have as a football team."

The Vandals, who dominated time of possession with 170 first-half yards, managed just 10 yards in the quarter.

"Give credit to Indiana. They made some good adjustments at halftime," Idaho coach Jason Eck said. "They came back and played better in the second half and kicked their butts into gear. We've got to go with them. We've got to up our game."

Josh Henderson scored on an 8-yard TD run to push Indiana's lead to 29-10 just 5 seconds into the final quarter.

Ryan, Colts rally but stall in OT for tie with Texans

BY KRISTIE RIEKEN
ASSOCIATED PRESS

HOUSTON — Coach Frank Reich wouldn't blame a missed field goal in overtime for the Indianapolis Colts' season-opening tie against the Houston Texans.

To him, it shouldn't have come down to that.

"There were plenty of mistakes throughout that game where we could have sealed it and we didn't," Reich said.

Matt Ryan rallied Indianapolis in the fourth quarter to force overtime against the Texans in his Colts debut on Sunday, but neither team could score on two overtime possessions each and the game ended in a 20-20 tie.

The Texans led 20-3 entering the fourth quarter in coach Lovie Smith's debut, but Ryan led three successive scoring drives, culminating with his 15-yard touchdown pass to Michael Pittman with 1:54 remaining.

Indianapolis got the ball back with 1:19 left in regulation but was forced to punt — a sign of things to come in the extra period.

Houston got the ball first in OT, but Davis Mills was sacked twice, leading to a punt.

The Colts moved into field goal range with a 13-play drive that chewed up 6:30, but Rodrigo Blankenship's 42-yard attempt sailed wide right with 2 minutes left.

Rex Burkhead was dropped for a 2-yard loss on third-and-1 with 40 seconds left and the Texans punted again, essentially playing for the draw.

The Colts got two more plays in but didn't get anywhere close to field goal range as time expired and the crowd booed the first tie in Texans history.

"Obviously we didn't lose the game, but it kind of feels that way since we were up, we were doing so many good things in the beginning and then they came back," Houston linebacker Christian Kirksey said.

Ryan, playing his first game for Indy after 14 seasons with Atlanta, threw an interception and lost a fumble as he struggled early. But he finally got the offense going late, finishing with 352 yards passing and a touchdown. Rushing champion Jonathan Taylor finished with 161 yards and a TD.

"You're disappointed to not come out of here with a win. At the same time we didn't lose," Ryan said. "We've got to find a way to tighten things up. But the effort across the board to me is encouraging. I think if we play with that kind of intensity, clean up some of these mistakes and execute a little bit better, there's a lot of things we can build off of."

Mills threw for 240 yards and two scores.

The Texans were outscored 62-3 in two losses to the Colts last season. They looked great through three quarters Sunday.

"When you get a lead like that, good things had to happen on both sides of the football and special teams," Smith said. "So that's what we'll build on."

The Colts trailed by 10 and were driving in the third quarter when Ryan fumbled a bad snap, and it was recovered by Christian Kirksey. The Texans cashed in on the error when Mills found a wide-open O.J. Howard for a 22-yard touchdown to make it 20-3.

That drive was helped by a 15-yard penalty on Yannick Ngakoue for roughing the passer.

Howard, who was a late addition to the team the team after signing on Sept. 2, had two receptions, both for scores. He reeled in a 16-yard touchdown in the second quarter.

Indianapolis settled for a short field goal early in the fourth quarter after third overall pick Derek Stingley knocked down a pass on third down from the 4.

E.J. Speed sacked Mills and forced and recovered a fumble on Houston's next drive. The Colts cut the lead to 20-13 on a 2-yard touchdown run by Taylor with about eight minutes to go.

O'Connell, Jones help Purdue take easy route past Sycamores

BY MICHAEL MAROT
ASSOCIATED PRESS

WEST LAFAYETTE — Purdue quarterback Aidan O'Connell and receiver Charlie Jones appear to be in perfect sync.

The childhood friends hooked up for three first-half touchdowns in their second college game together, and then watched the rest of the Boilermakers' 56-0 victory over Indiana State on Saturday.

Jones caught nine passes for 133 yards in his second straight 100-yard game since transferring to Purdue from Iowa. O'Connell went 17 of 19 for 211 yards and four scores while moving past Scott Campbell and into sixth on the school list for passing TDs. The first walk-on to earn Purdue's starting quarterback job now has 48 TD passes.

The combination of O'Connell and Jones has looked virtually unstoppable so far, connecting 21 times for 286 yards and four scores this season.

"I came here, obviously, for the offense and I like what I'm seeing so far," said Jones, who has already matched last season's reception total. "Definitely, it was a good move."

The Sycamores (1-1) fell to 0-6 all-time against the Boilermakers (1-1), and it didn't Purdue long to take control.

Cam Allen recovered a fumble on the game's first snap and four plays later King Doerue scored on a 4-yard TD run. Jones stiff-armed a defender on his way to a 7-yard TD catch and O'Connell found Paul Piferi for a 26-yard score on the next two series. O'Connell closed out the half with TD passes of 36 and 5 yards to Jones to make it 35-0.

"We had three turnovers and you can't turn the ball over like we did today and expect to win," Sycamores coach Curt Mallory said. "We weren't able to stop the run and we weren't able to run."

Purdue coach Jeff Brohm pulled O'Connell, Doerue and Jones at the start of the second half. The Boilermakers tacked on two more touchdowns in the third quarter and another in the fourth.

Indiana State finished with 145 total yards.

"We needed to come out there and take care of business," Brohm said. "And we did that."

THE TAKEAWAY

Indiana State: This was no surprise. Indiana State is 0-18 all-time against current Big Ten members. Dante Hendrix had an impressive season debut with five receptions for 90 yards. Now the Sycamores must prepare for the traditional Missouri Valley Football Conference gauntlet.

Purdue: O'Connell and Jones helped the Boilermakers bounce back after a demoralizing loss to Penn State in the season opener. The 56-point margin was the largest in Brohm's six-year tenure and it was also the second shutout in his Purdue career. The Boilermakers beat UConn 49-0 last year. Now Purdue can build some momentum for the resumption of conference play in three weeks.

BIG PLAY D

First, Allen recovered the fumble. Then he zigzagged across the field in the third quarter for a 65-yard interception return that made it 49-0.

Purdue now has two TDs off interceptions in two weeks. Chris Jefferson scored on a 72-yard interception in the season-opening loss to Penn State.

No. 20 Kentucky handles Richardson, topples No. 12 Florida

BY MARK LONG
ASSOCIATED PRESS

GAINESVILLE, Fla. — Much of the hype surrounding Florida quarterback Anthony Richardson was dashed, or at least diminished, in the Swamp on Saturday night.

No. 20 Kentucky intercepted Richardson twice, including one Keidron Smith returned 65 yards for a touchdown, and the Wildcats toppled the 12th-ranked Gators 26-16 to notch consecutive wins in the series for the first time in 45 years.

Richardson was off all game, a stark contrast from last week's three-touchdown, turnover-free performance against then-No. 7 Utah. He had two throws in this one that were complete head-scratchers, and the Wildcats (2-0, 1-0 Southeastern Conference) made him pay dearly.

"I feel like I let everybody down, especially the defense, because I looked everybody on the defense in the eye and I told them I got them and I was going to put up points for them," Richardson said. "Obviously I didn't."

Linebacker Jordan Wright, cleared to play Thursday after sitting out the opener, made a one-handed catch on Richardson's pass to the flat late in the second quarter. Kentucky quarterback Will Levis scored three plays later.

Richardson's second pick was more egregious. He misread a defensive alignment and threw a pass to the wide side of the field that Smith easily picked off. Smith returned it down the sideline and had to juke only Richardson to make it to the end zone.

"I think sometimes the quarterback position, you get that spotlight put on you," Florida coach Billy Napier said. "Reality is there's things around you that can be done that will contribute to quarterback play."

Richardson's interceptions were among three big plays that propelled Kentucky to back-to-back wins over Florida (1-1, 0-1) for the first time since 1976-77.

Levis connected with Dane Key for a 55-yard score in the first half, a perfect throw that showed why Levis is projected to be a first-round draft pick in 2023.

"You've got to be a tough son of a b to come into this place and win," Kentucky coach Mark Stoops said, taking a shot at an SEC Network analyst who called his team soft earlier this week. "That's what we showed. We may win or lose, but we're tough."

Twenty-two scouts from 15 NFL teams were on hand for the game. Most of them probably were there to see Richardson. None of them could have been impressed with what the third-year sophomore did in his third career start.

The Gainesville native completed 14 of 35 passes for 143 yards. He also ran six times for 4 yards. Kentucky stacked the line of scrimmage and forced Richardson to be a pocket passer, clearly understanding that the Gators have few difference-makers outside of their quarterback who looked like a budding star seven days earlier.

Levis was considerably better. He completed 13 of 24 passes for 202 yards, with a touchdown and an interception. The pick was a great play by Florida defenders Brenton Cox and Gervon Dexter. Cox pressured Levis and deflected the pass, and Dexter made a diving catch.

Tellez homers twice, Brewers hang on to outlast Reds

MILWAUKEE — Rowdy Tellez homered twice, doubled and drove in four runs as the Milwaukee Brewers withstood a ninth-inning comeback attempt to edge the Cincinnati Reds 7-6 on Sunday.

Willy Adames and Tellez hit back-to-back homers off Reds starter Justin Dunn (1-3) in the Brewers' four-run second inning. Tellez added a solo shot off Luke Farrell in the fourth inning for his 30th homer of the season.

Brewers center fielder Garrett Mitchell made a diving catch of a TJ Friedl fly ball in the ninth inning that prevented the Reds from potentially tying the game.

Cincinnati's Alejo López went 3 for 3 with his first career homer and a double.

The Reds trailed 7-2 through six innings but nearly came all the way back.

Cincinnati was behind 7-4 when Spencer Steer doubled and López hit an infield single to start the ninth. The Reds brought the tying run to second with nobody out after Matt Reynolds hit a grounder to the left side and reached second on third baseman Jace Peterson's errant throw.

After Williams struck out Kyle Farmer, Mitchell's diving catch turned Friedl's potential game-tying single into a mere sacrifice fly.

Williams then struck out Jonathan India for his 12th save in 13 opportunities. India struck out on each of his five plate appearances.

When Farrell relieved Dunn in the fourth inning, he became the 63rd player to appear in a game for the Reds. That's the highest total of any major league team and the most the Reds ever have used in a season. The previous Reds record was 57 players in 2003.

Farrell is the Reds' 36th pitcher of the season, also a team record. The Reds used 35 pitches last year.

Reds 8, Brewers 2 (Friday) — TJ Friedl homered to lead off a five-run first inning, left-hander Nick Lodolo pitched eight strong innings and the Cincinnati Reds beat the Milwaukee Brewers 8-2 on Friday night.

In a matchup of rookie starters, Lodolo (4-5) easily outperformed Brewers right-hander Jason Alexander (2-3). Lodolo had career bests with 11 strikeouts and eight innings, and walked none, while Cincinnati's first six batters reached base off Alexander.

Friedl hit an 0-2 pitch for his first career leadoff home run. Jonathan India hit the next pitch for a stand-up triple and scored on Kyle Farmer's single. Jake Farley was hit by a pitch, then boos followed an RBI single Donovan Solano that put the Reds up 3-0.

After Aristides Aquino walked to load the bases, Milwaukee — fighting for a wild-card spot — recorded its first outs by turning a double play, but a run scored to put the Reds up 4-0. Alexander appeared to yell into his glove after an RBI single by Jose Barrero made it 5-0.

The Reds extended their lead to 8-2 in the ninth inning with a two-run home run by India and a solo homer by Fraley off Brent Suter.

The Reds pounded out 17 hits against four Brewers pitchers. Aquino had a career-high three doubles. Farmer also had three hits. Friedl, India, Fraley, Solano and Barrero each had two hits.

Brewers 5, Reds 1 (Saturday) — Willy Adames and Andrew McCutchen each hit a two-run homer, and Adrian Houser allowed one hit in six innings as the Milwaukee Brewers beat the Cincinnati Reds 5-1 on Saturday night.

Houser (6-9) permitted a leadoff double by José Barrero in the third and a sacrifice fly by TJ Friedl — but nothing more. The right-hander turned a 2-1 lead over to the bullpen, and the Brewers easily held on.

Adames connected off Chase Anderson (0-3) in the first inning for his 27th home run, tying Corey Seager of the Texas Rangers for most in the majors by a shortstop.

McCutchen hit his 16th homer in the eighth after Hunter Renfroe doubled off Joel Kuhnel.

Anderson struck out five, walked three and gave up just the one hit by Adames over four innings in his third start since the Reds signed the former Brewers pitcher (2016-19) to a minor league contract on Aug. 27. It was his longest outing this season.

MILAN

FROM PAGE B1

"That was a tough, tough play on the kickoff return. But then he makes a huge play in the end zone. You can't write a better story," Wilson said. "Not letting the moment get too big for you and not getting down on yourself, that's big and he did that. I was super proud of him."

Madison lost the coin toss and went first in the overtime, scoring when Yancey beat a double-team and hauled in a Darius Jay pass for a 10-yard score. Clint Hearne banged through the PAT for the Cubs to lead 20-13. Milan (1-3) answered with an eight-yard run by Riley Johnson and then got Rohrig's conversion to pull out the win.

Madison finished the game with 239 total yards, it's best output of the season. Yancey had 103 yards rushing on 10 attempts and caught four passes for 29 yards while Skinner had 82 yards rushing on nine carries. Jay was 6-of-12 passing for 68 yards.

"We still have some of the those minor mistakes but I mean for the most part, offense moved the ball when we needed to and it made some very big plays there to finish the game," Wilson said. "We leaned heavily on our seniors and they produced on offense."

Milan finished with 381 total yards, most of which was in the final 15 minutes of the game. Johnson had 153 yards rushing on 32 carries while Rohrig had 102 yards on 16 attempts. Rohrig was also 8-of-21 passing for 83 yards.

Madison returns home for the first time in three weeks Friday when it hosts Jennings County in the annual Battle of the Railroad game. Like Madison, Jennings comes into the game with a 1-3 record.
